

Photo-Sonics, Inc. Commercial Terms and Conditions

THE PURCHASE ORDER ISSUED BY PHOTO-SONICS, INC. ("Buyer") TO THE VENDOR LISTED THEREIN ("Seller") IS SUBJECT TO THE TERMS AND CONDITIONS CONTAINED HEREIN.

- A. Buyer's order number (including letters) must appear on all invoices, packing lists, shipping cartons and correspondence. A packing list must accompany all shipments. The Purchase Order and these Terms and Conditions constitute the entire understanding and agreement ("Agreement") of the parties with respect to the subject matter hereof.
- B. Unless otherwise specified, Buyer's purchases are for resale and no sales or use taxes shall be charged. Seller is responsible for supplying any required certification listed on the Purchase Order by the Buyer.
- C. The purchase order may include requirements for a Quality Management System for monitoring and quality control, including but not limited to implementation of procedures respecting design, development, specifications, testing, quality compliance, setting and verifying milestones, auditing, and other special requirements. It is Seller's responsibility to request clarification in writing regarding any aspect of the Quality Management System.
- D. Seller shall immediately notify Buyer in writing if any quality requirements cannot be met or if any of the following occur: process changes (e.g., specification changes, design revisions, material substitutions, etc.); changes in products, services, drawings, or work instructions; change of suppliers; and changes in manufacturing facility locations.

1. Acceptance of Contract. All orders for goods, materials, work and services to be delivered and performed (the "goods") become a contract subject exclusively to the terms and conditions set forth herein when accepted by written acknowledgment by Buyer and such terms and conditions constitute the entire agreement between the parties. No change in such terms and conditions shall be valid unless agreed to in writing by an authorized corporate officer of Buyer.

2. Delivery. Time is of the essence. Failure to deliver by the required delivery date specified in Buyer's purchase order may result in substantial damages to Buyer due to commitments to its customers. In addition to its other remedies, Buyer may cancel an order in whole or in part without liability if delivery is not made within the time specified on the order. Damage and/or

loss resulting from improper packaging, preparation or loading shall be charged to Seller. Title to and risk of loss shall pass to Buyer, and acceptance of the goods shall take place, when such goods have been delivered to Buyer's specified destination and have passed Buyer's inspection and tests. In no event shall payment be deemed to constitute acceptance.

3. Time of the Essence/Liquidated Damages. Time is of the essence with respect to the obligations to be performed under this purchase order. The parties agree that if Seller breaches its promise to deliver the goods by the deadline specified in the purchase order, then the resulting damages will be impracticable or extremely difficult to determine. Such damages could include costs related to Buyer's downtime, penalties or damages owing to Buyer's customers, loss of goodwill and future business, and other damages which would be difficult to calculate. Because of this difficulty in predicting the scope and amount of damages resulting from failure of delivery by the deadline, the parties agree that, in the event of such a breach, Seller shall, at the option of Buyer, pay a sum equal to one percent (1%) of the purchase price for each day delivery is late. The total amount of liquidated damages under this clause shall not exceed ten percent (10%) of the total purchase price of the order. Liquidated damages shall not be due if such delay is caused by a Force Majeure Event, as defined below, although Buyer may still elect to terminate this Agreement if such delay constitutes a material default as defined in Section 12 below.

4. Prices. Buyer is liable only for the price indicated on this order. If the price is omitted from the order, Seller shall invoice at the price last quoted to Buyer or paid by Buyer for such goods in equal quantities. Seller warrants that the prices for the goods are not less favorable than those currently extended to any other customer for the same or like goods under conditions similar to those specified in Buyer's order. If Seller establishes or offers a lower price for the sale of such goods in such quantities, Seller agrees to reduce the prices hereof correspondingly. No additional charges of any kind will be allowed unless specifically agreed to in writing in advance by Buyer.

5. Warranties.

(a) Buyer shall have the right to all Buyer's remedies and Seller's warranties to the fullest extent provided under the Uniform Commercial Code, including, but not limited to, warranties of merchantability and fitness for a particular purpose, and such remedies and warranties shall survive inspection, tests, acceptance and payment.

(b) Seller represents and warrants that all goods delivered are free of liens or other claims of ownership. Seller further represents and warrants that all goods sold to Buyer shall be designed and manufactured in accordance with industry standards and meet Buyer's specifications, Buyer's quality policies and all applicable U.S. legal and regulatory requirements (collectively referred to herein as "Legal Requirements").

(c) Unless Buyer specifies in writing otherwise, Seller shall deliver only new goods to Buyer. No counterfeit or suspect counterfeit goods are to be delivered. Seller shall procure components for parts for the goods directly from the original component or equipment manufacturer (OEM) or through the OEM's authorized distributor. Documentation must be

available that authenticates traceability to the applicable OEM. If Seller becomes aware or suspects it has furnished counterfeit goods, Seller shall immediately notify Buyer. Seller agrees that if counterfeit goods are found to have been furnished to Buyer, those items will not be returned to Seller, and Seller may be liable for all costs relating to impoundment, removal and replacement.

(d) Seller represents and warrants that all work and services will be performed with reasonable skill and care, in a competent, professional and workmanlike manner, free from defects, and in accordance with all specifications and the best professional practices in the industry.

6. Indemnification. Seller shall indemnify and hold Buyer harmless against all liability, cost and expense (including, without limitation, Buyer's costs of testing and inspection, court costs and reasonable attorney's fees) on account of all claims, liabilities, damages, or judgments arising out of or related in any way to this agreement, or goods or services provided hereunder, or claims of infringement of Intellectual Property Rights by any third party, except to the extent solely resulting from the gross negligence or intentional misconduct of Buyer.

7. Intellectual Property Rights. Ownership of any patents, utility models, designs, copyrights, domain names, trademarks, trade names and any other intellectual property rights, whether registered or not, as well as any trade secrets, associated with or related to the goods or services provided under this the Agreement (collectively "Intellectual Property Rights") shall vest in Buyer.

8. Work Product. All work product conceived, created, produced or prepared by or with the cooperation of Seller in connection with the provision of services and the goods under this Agreement shall be deemed works made for hire that are owned by Buyer (the "Works"). Works shall include without limitation, all designs, drawings, text, prototypes, patterns, images, photographs, concepts, depictions and all other Intellectual Property Rights and proprietary rights therein and thereto, whether or not fixed in a tangible medium of expression.

9. Non-Conforming Goods. Non-conforming goods or unauthorized substitutions will not be accepted by Buyer and any such goods will be held at Seller's risk, and all transportation charges, both to and from the original destination, shall be paid by Seller. Seller is required to notify Buyer of any nonconforming goods or services. When Buyer issues a Corrective Action Notice to Seller, a response shall be completed within fifteen (15) calendar days from receipt of the Corrective Action Notice. If Seller fails to timely respond to a Corrective Action Notice Request Buyer may refuse to accept further deliveries and/or suspend payment until an adequate response is provided or terminate the agreement. When returning re-worked material to Buyer, a Return Material Authorization (RMA) number shall be referenced on the packing slip.

10. Cancellation. Buyer shall have the right by written notice to cancel, suspend or modify the goods and services to be furnished by Seller under Buyer's order. Buyer shall only be liable to Seller for the agreed upon price for goods accepted by Buyer and for Seller's costs for reasonable

materials and actual work performed up to the time of cancellation not otherwise usable or saleable by Seller, net of salvage value.

11. Limitation of Liability. Regardless of cause, fault or grounds: (a) in no event shall Buyer be liable for indirect, special, incidental or consequential damages of any kind, including, without limitation, punitive or economic damages or lost profits, regardless of whether Buyer had reason to know or in fact knew of the possibility of such damages; and (b) in no event shall Buyer's total liability exceed the purchase price due and payable by Buyer for the specific goods giving rise to the claim under this order.

12. Default. The occurrence of any one or more of the following events shall constitute a "material default" of Seller under this Agreement : (a) A failure by Seller to deliver the goods on or before the deadline specified in the purchase order; (b) A failure by Seller to perform obligations pursuant to this Agreement (other than as specified in 12(a) above) within fifteen (15) days after service of written notice from Buyer specifying such failure or, if it reasonably would require more than fifteen days to cure such failure, within a time reasonably necessary to cure such failure after service of such written notice (provided Seller has undertaken procedures to cure the default within such fifteen day period and diligently pursues such cure to completion); or (c) The occurrence of any of the following events: (i) the making by Seller of any general arrangement or assignment for the benefit of creditors; (ii) Seller becoming a "debtor" as defined in 11 U.S.C. §101 or any successor statute thereto (unless, in the case of a petition filed against Seller, the same is dismissed within 30 days); (iii) the appointment of a trustee or receiver to take possession of substantially all of Seller's assets of Seller's interest in this Agreement; or (iv) the attachment, execution or other judicial seizure of substantially all of Seller's assets or of Seller's interest in this Agreement; provided, however, in the event that any provision of this subparagraph 12(c) is contrary to any applicable law, such provision shall be of no force, and not affect the validity of the remaining provisions. In the event Seller is in material default under this Agreement, Buyer may terminate this Agreement by giving written notice to Seller and shall have all remedies available to it under this Agreement and at law and in equity. Those remedies include but are not limited to the right to obtain the goods from another source, with any excess costs and damages resulting therefrom, including incidental or consequential damages, chargeable to Seller. Notwithstanding the foregoing, however, Seller shall not be responsible for a material default occasioned by Force Majeure Events, but in the event of such occurrence, Buyer reserves the right to cancel the order without liability of any kind if such material default persists for at least fifteen (15) days.

13. Approved Process Seller. Seller has been delegated process and inspection authority to ensure all applicable process and material specifications are met and documented accordingly. Seller is required, upon request, to demonstrate and provide evidence of its completion of processes to planned results and establish arrangements for the processes including:

Notwithstanding the foregoing, if Buyer has a reasonable belief that Seller is violating a term of this agreement or any Legal Requirements, Buyer shall be permitted to inspect Seller's facilities during normal business hours without advance notice to Seller. Seller will also grant access to Buyer, its customers, and any government entity demanding access to any Seller facility pursuant to said demand, so long as said demand is legal.

The contract resulting from the acceptance of Buyer's order shall be governed by and construed according to the laws of the State of California, excluding choice of law statutes to the contrary. The United Nations Convention on Contracts for the International Sale of Goods is hereby excluded.
